

Project – Miles Davis Studio Album Discography

Introduction

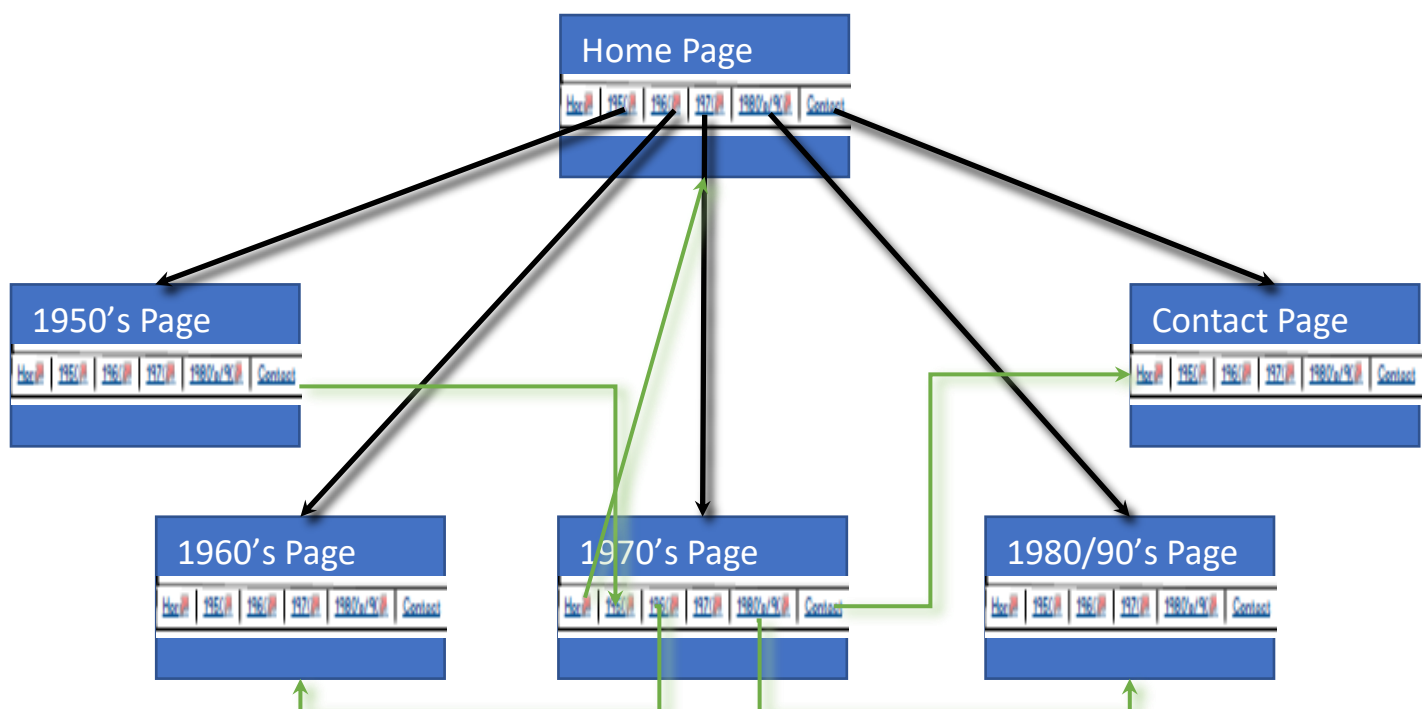

This document contains the website data flow and wireframes. All other documentation regarding the website can be found on the README.md

Data flow

The website will contain 5 pages:

- Home Page – Containing biographical information, a video and some recommended albums.
- 1950's Page – Containing information about the music of the create, audio tracks and studio albums recorded in the 1950's.
- 1960's Page – Containing information about the music of the create, audio tracks and studio albums recorded in the 1960's.
- 1970's Page – Containing information about the music of the create, audio tracks and studio albums recorded in the 1970's.
- 1980/90's Page – Containing information about the music of the create, audio tracks and studio albums recorded in the 1980/90's.
- Contact Page – Containing information on how to obtain the further information on Miles Davis, to see live music and a contact box for a chat.

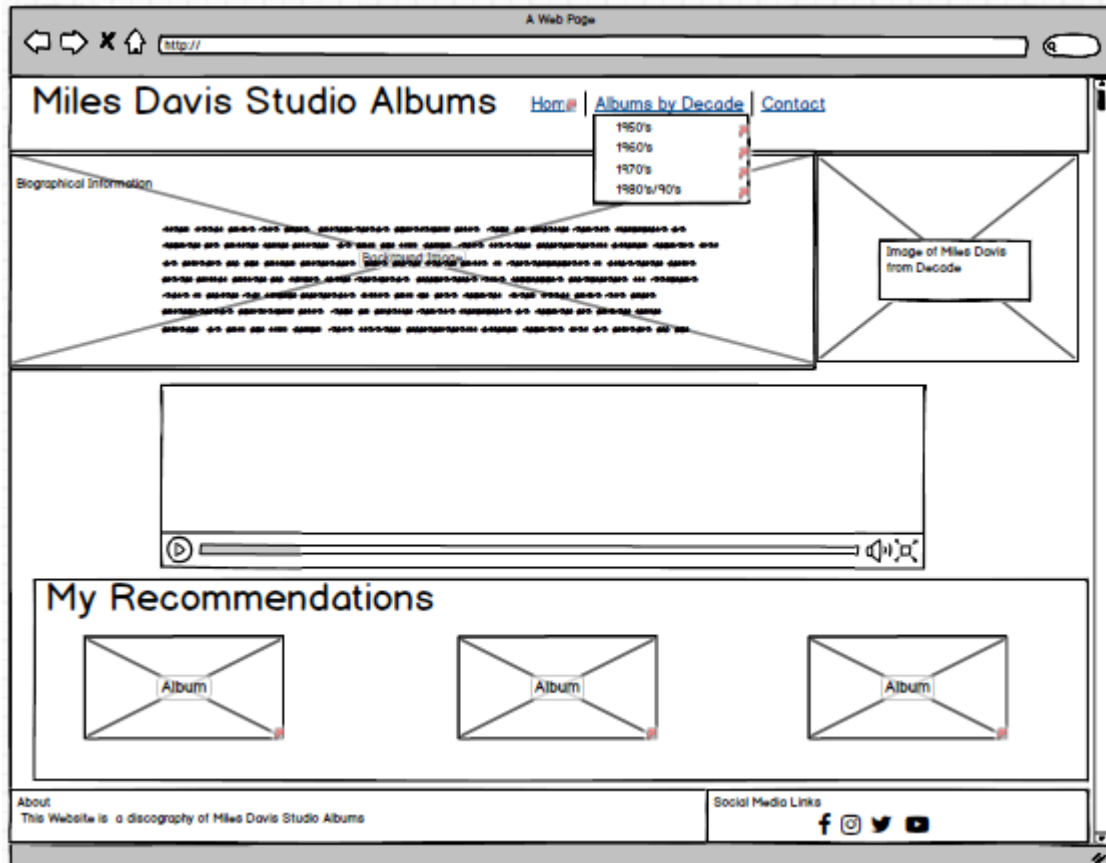

The diagram below shows the flow from the “Home Page” to all other pages (the black arrows) and the flow from the “1970's Page” green arrows. Other flows work in the same way and are not shown in the diagram to avoid clutter.

Albums by Decade

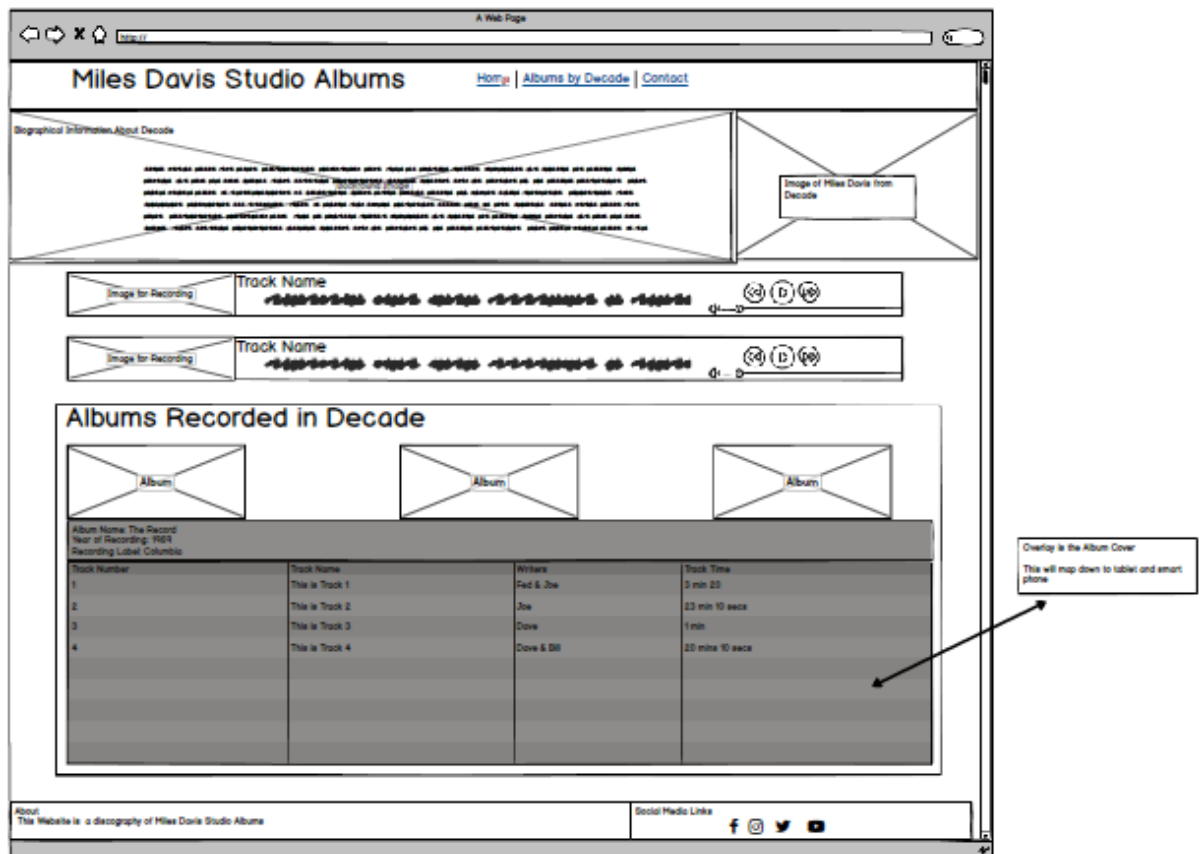

A generic wireframe has been shown for each decade. Each decade in which albums are released will be created as separate html documents, with the word “Decade” in the wireframe being replaced by the appropriate decade. The decades are broken into the 1950’s, the 1960’s, the 1970’s and 1980’s/90’s.

Note: Miles died in 1991 and only one new studio recording was released and thus it has been grouped in with the 1980’s

 <p>The mockup shows a smartphone screen with the title "Miles Davis Studio Albums" at the top. Below the title is a placeholder for an "Image of Miles Davis". This is followed by a "Biographical Information" section with placeholder text. Below that are two track listing sections, each with a "Track Name" label, a waveform, and playback controls (previous, play, next, and a volume slider). The bottom section is titled "Albums Recorded in Decade" and contains a placeholder for an "Album". At the very bottom, there are two boxes: "About" with the text "This Website is a discography of Miles Davis Studio Albums" and "Social Media Links" with icons for Facebook, Instagram, Twitter, and YouTube.</p>	 <p>This mockup is identical to the one on the left, but it includes an additional track listing section. It features a third "Track Name" label, a waveform, and playback controls, positioned between the "Albums Recorded in Decade" section and the "About" and "Social Media Links" footer.</p>
